

Strategies for a Stronger Sanford Announces the 2020 “High Five” Awards and Fundraiser

Recognize a volunteer, a business, an agency or a local program in the Sanford-Springvale Community who supports the Strategies mission to...

...build a strong future for the city of Sanford by engaging the community in effective strategies to support their children, youth and families...

Strategies for a Stronger Sanford would like to honor those who see a need in our community and fill that need with care and dedication. It's your opportunity to honor those volunteers, a business, an agency, or a local program that makes a difference in our community. The ones who build, teach and inspire others. They are the ones who go about their day never expecting a thank you for all that they do but who have a huge impact on those around them.
